MR. LOUIE LIU

For Visionary Contribution in Immersive Human-Centric Innovation
◆◆◆

In profound appreciation of your visionary leadership and steadfast support for the “Better Health, Better Lives 2.0” initiative. Your exceptional contribution in advancing the application of Smart Reality Artificial Intelligence (SRAI 720°) as an immersive and human-centric medium has enabled the authentic representation of underserved indigenous communities, effectively bridging them with global audiences. Through this innovative approach, you have strengthened awareness, deepened empathy and fostered meaningful engagement in addressing real-world social and healthcare challenges.

Your intellectual curiosity, commitment to social responsibility and pioneering spirit reflect the highest ideals of global citizenship and academic collaboration.
